## PROJECTS

### News Classification System

Mentor: Prof. Lata gohil | Team Size: 2

Key Skills: Python NLTK

The main aim of this project is classifying news articles in suitable categories like sports, entertainmen etc which are stored in text form.

### Claim Management System

Mentor: Dr. Saurin parikh, Umar maniya | Team Size: 2

Key Skills: PHP MySQL Wordpress

- This project is about developing a claim management system to improve the performance of claim process by allowing staff to register the claim in the system which will automatically schedule the steps of processing the claim.
- Through this system management will be able to track number of claims on weekly and monthly basis. Identify the major reasons of the claim, from which customers' claims are being filed, which manufacturers are timely processing the claim and whether the customers are happy after the claims have been processed.
